## CARTER A CHANGED MAN

GOVERNOR GEORGE R. CARTER.

(Associated Press Cable)

SAN FRANCISCO, August 24.—Governor Carter in an interview declared that there would be no changes in the Territorial Government and that no resignations would be demanded. He declared himself responsible for all the recent troubles, and intended to smooth all the difficulties and work harmoniously with his official family. He said "I am a changed man."

## FOREIGN NEWS BY CABLE

JAPAN'S BIG DEMAND.

PORTSMOUTH, August 24.—Japan demands twelve hundred million yen (\$600,000,000), as the purchase price of the northern half of Saghalien Island. Russia positively refuses to pay. She contends that the payment of the indemnity is impossible in whatever disguise it is presented. Russia is willing, however, to pay for the maintenance of the prisoners. The Commissioners have adjourned until Saturday. The outlook for peace is not hopeful.

REVOLUTIONISTS MAKE TROUBLE.

ST. PETERSBURG, August 24.—The revolutionists are held responsible for the disturbances in the Baltic provinces and the strikes at Warsaw. The trouble at Lodz has ended in wholesale arrests.

MORE COTTON SCANDAL.

SARATOGA, N. Y., August 24.—Broker Peckham of New York was arrested today on an indictment, on account of his connection with the recent scandal in regard to the leaking out of government cotton reports.

ROJESTVENSKY TO GO HOME.

ST. PETERSBURG, August 24.—Admiral Rojestvensky will return here from Japan, on parole, in September.

## TEN CITIZENS OF HAWAII INVITED

(Continued from page six)

It is my definite policy to Americanize these islands and to prevent them from being Orientalized, and to that end a liberal land policy is being pursued and lands are being opened up to settlement so that homesteaders can easily obtain homes to settle and cultivate; the planters and other employers are being induced to employ Americans in all positions so that the homesteader can obtain employment, so as to help the building up and settlement of the country. We seek to supply employment to the settler so that we will have our labor domiciled in the country.

I feel that we will have your support in our efforts to make a success of our own civilization in this outpost Territory, especially as we are face to face with the full power of the Orient.

I have the honor to be, Sir,

Your obedient servant,

A. L. C. ATKINSON,

Acting Governor of Hawaii.

NOTHING THAT WILL TAKE ITS PLACE.

We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy in our family for years for all bowel troubles, and it always gives the best of satisfaction. We never could find anything to take its place.—D. S. Booth, editor and proprietor, of the Echo, Alice, Texas, U. S. A. For sale by all dealers. Benson, Smith & Co., Agents for Hawaii.

NEW WHARF.

HANAPEPE, August 21.—The new wharf at Hanapepe is nearing completion and will be a blessing to the many store keepers and rice planters in that place. Before a fee had to be paid on every package landed at the Elele side of the bay, now all come free on Hanapepe side. Much praise is due Representatives Sheldon for his effort to secure this material advantage to the people of Hanapepe.—The Garden Island.

## A NEW WHARF FOR WAINIHA

WILL BE PUT IN AS A PART OF THE KAUAI ELECTRIC COMPANY'S CONSTRUCTION.

WAINIHA, Kauai, August 21.—The steamer Kauhau made Wainiha her first port of call last trip and on Tuesday morning landed Messrs. Kinney, Gartley and Rowell. At noon Mr. Lydgate and Mr. Anderson drove over from Hanalei and late in the afternoon Mr. Stodart and Mr. Cannon arrived from Elele. These gentlemen were over in connection with the Kauai Electric Co. scheme and as a result of such a representative meeting considerable business was put through.

It was decided to build a wharf in the bay for the landing of the machinery and other materials necessary for the erection of the plant.

The construction will be in the hands of H. A. Jaeger who hopes to have it completed in a month to six weeks.

It was also decided to extend the telephone line from Hanalei to Mr. Jaeger's store at Maunaloa.

Mr. Anderson will superintend the laying of the pipe line, installing of plant, and running the wires to Elele. He comes down from California, where he has installed several electric plants, with very high recommendations.

Mr. Stodart and Mr. Cannon, while journeying to Hanalei on Wednesday afternoon, got an idea of the difficulties to be encountered traveling in this district during wet weather. Their effort tried to make the crossings, but found the second one quite impassable. They beat a retreat and went down the rough old horse trail. At Lumahai the saw rope was broken, and they had to crawl over the partially completed bridge, while their escort and a native led the horses about a mile and a half up the valley to the ford.

Mr. Jaeger left for Kukuia on Saturday morning. He was accompanied by Miss May Kluegel as far as Lihue where she took steamer for town. Notwithstanding the fact that Jupiter plus has been very much to the fore, she has enjoyed her short sojourn in Wainiha.—The Garden Island.

## MONUMENT TO THE NAVY'S DEAD

GRANITE SHAFT PROPOSED TO BE ERECTED BY CREWS OF SHIPS OF PACIFIC SQUADRON.

SAN DIEGO, August 10.—Rear-Admiral C. F. Goodrich has caused to be issued over his signature a circular calling the attention of the men of the Navy to the fact that it has been proposed that the officers and men of the Pacific squadron erect a monument to the victims of the Bennington disaster at the Military Cemetery at Point Loma. He suggests that a plain lofty granite shaft be securely mounted for all time on a commanding site in view of the shipping entering the harbor, and where visitors to this city and the residents may be kept in perpetual remembrance of the Nation's dead. It is estimated that such a shaft forty or fifty feet tall will cost in the neighborhood of \$5,500.

It is recommended that each ship's company of this squadron select a representative to serve on a general committee; that an amount (however distributed) equivalent in all to about \$5 for each person on board be raised for the purpose named and placed with the fleet paymaster as treasurer for disbursement and that the general committee select an executive committee of three.

Secretary Wood of the board of control of the Bennington Memorial Association has received word from Paul Morton, formerly Secretary of the Navy, saying that he is in accord with the idea of erecting in San Diego a sailors' home as a memorial to the Bennington dead, and that he will be glad to act as a member of the advisory board. The same word comes from Commander William E. English, national head of the Grand Army of the Republic, who offers to allow the use of his name in any way the board may desire.

FEVER AT NEW ORLEANS.

In the present epidemic at New Orleans yellow fever is making perhaps its last serious demonstration on American soil. Stricken with pestilence and harassed on all sides by the ignorant and brutal fight of her neighbors, the misfortune of New Orleans is indeed deplorable. Yet it is not unkind to say that, if nothing less than a great object lesson will suffice to quell the stupid panic and to prove the sufficiency of modern knowledge concerning yellow fever, New Orleans is the best place for that demonstration. The test might have been made where the lesson is more needed than in New Orleans, but hardly any city in the south would put the business through so well. Most of the weaknesses of American sanitary organization are exemplified in New Orleans. The most cruel havoc has been wrought in times past by yellow fever on that city. Physical conditions are today as favorable as ever for a great epidemic; the present outbreak has the advantage of a good start; and yet we do not expect a great epidemic. The sufficient armament of New Orleans in the present emergency is in the will and ability of her people to apply modern medical knowledge to the suppression of yellow fever. It is in an enlightened public opinion that New Orleans is strong, and on this rests our confidence that New Orleans will, in delivering herself from present danger, give the American people a convincing lesson in the prophylaxis of yellow fever.—American Medicine.

## THE DOCTORS AND THE LANGUAGES

BOARD OF HEALTH DISCUSSES EXAMINATION RULES WITHOUT REACHING DECISION.

The Board of Health yesterday afternoon, after a lengthy discussion of the question of examining applicants for licenses as physicians in the English language, decided to ask the Board of Medical examiners for an expression of views. President Pinkham's letter on the subject was taken up, and attorney general Andrews was asked if the language rule was illegal. He said it was not.

Pinkham's figures showed that of 128 deaths in the year ending August 15, white physicians attended 421 of the cases, Chinese physicians 49 and Japanese physician 25, and of those attended by the Japanese physicians 157 were of their own race and 99 of other races. He gave it as a fair conclusion that two-fifths of the practice of the Japanese physicians was drawn from other nationalities than their own. At the last meeting he had informed them that in the past four and one-half years 41 Japanese and 32 white physicians had been admitted to practice. The president now informed them "that of the 32 white physicians, 25 have left the country."

The Board voted to place trachoma on the list of contagious diseases which physicians are to report when they find it.

The Kamehameha school piggery was brought up again, by letters from W. O. Smith and P. G. Krause of the school again asking for permission to keep the pigs and calling attention to the cleanliness of their place. The matter was decided against the school at the last meeting. It was postponed yesterday, to await Pinkham's return.

On motion of Dr. Wayson, seconded by F. C. Smith, it was decided that the president should carry out his suggestions regarding cemeteries. These were to call together the officers of the Oahu Cemetery Association, the promoters of a cemetery at Waiialea and those of two Portuguese cemeteries proposed, and see if it were possible to devise some solution of this situation.

President Pinkham also wrote as follows:

"The sanitary condition of Lahaina Maui, is disgraceful. We had hoped the Legislature would give us a sanitary officer and food inspector combined for that place, but it failed to do so. We desire to take effective steps and, therefore, I have decided to send Dr. J. E. B. Pratt to that place with full power as Agent of the Board of Health."

## ORPHANAGE MONEY

Auditor Fisher has received an opinion from Attorney General Andrews approving the payment of money to the Kona Orphanage under the appropriation made by the last legislature, amounting to \$4,000. Warrants were asked for by Superintendent Davis of the Public Instruction department, for teachers' salaries, and a question was raised as to whether the institution was a sectarian school, such as the Organic Act prohibits using public money for. Andrews says there is no evidence that it is a sectarian school and holds that the appropriation is legal. He says, however, that the fund should be drawn as appropriated, in a lump, and not in teachers' salary warrants.
